

Agna 42

Fast-Track Your Hiring

⚡ Powered by

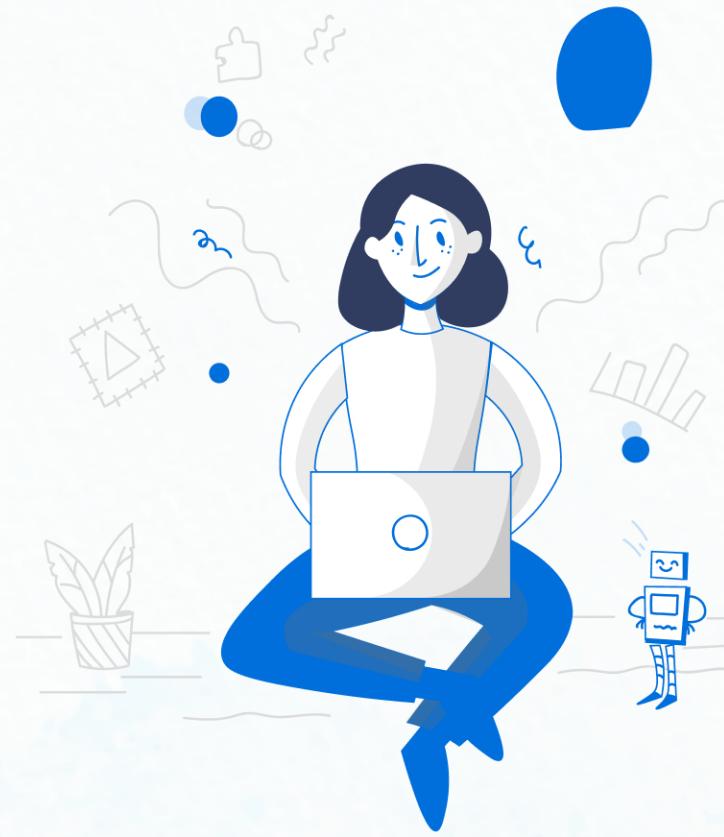

Enhance 42

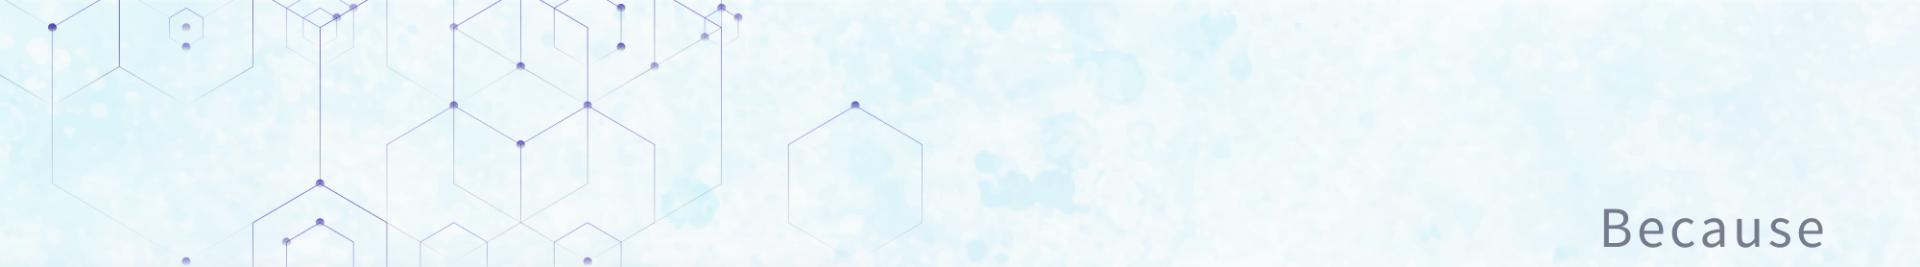

hands you the ability to spot
developers among 1000's of
students in under 5 days.

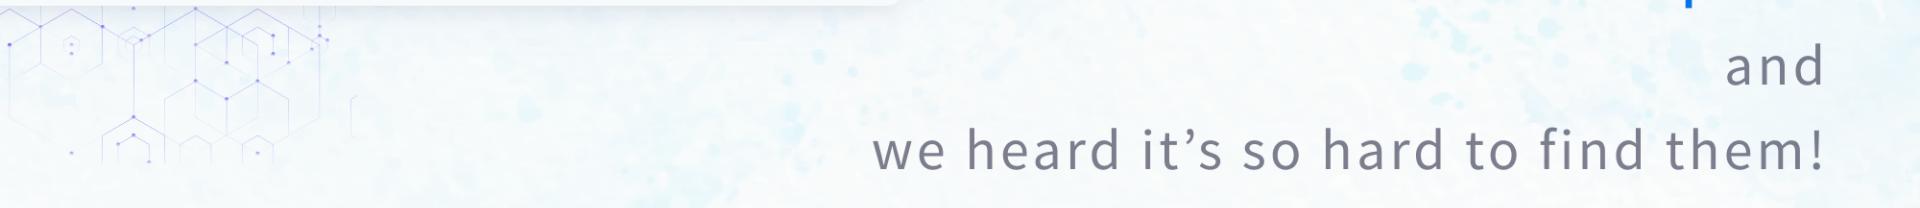

An effective vetting program designed to handpick
high-quality developers, so you can hire the best
with ease during your campus drives.

Because
Great Companies
Are Built By
Great Developers

Why Agna42 ?

and
we heard it's so hard to find them!

Routine ways take up
loads of time, effecting
all our schedules

Accurately assess
developers through real
time programming tests

How It Works?

A simple 3-step process with minimal hassle

1

Share List

Give us the list of students you wish to test

2

We Vet

Students will be carefully vetted and graded based on their capabilities

3

Hire Away

Companies can further interview the ideal candidates and hire them
